

Forensic Mapping Training

Washington D.C. Area

Close to Dulles International Airport

The Fairfax County Police Department is proud to host a **Forensic Mapping Course**. In connection with this class is an introduction to **Spider Mapping**. The team (multi-agency) response to **Critical Incident Evidence Documentation**

The 40 hour class runs **August 11—15th, 2008 8AM—5PM**

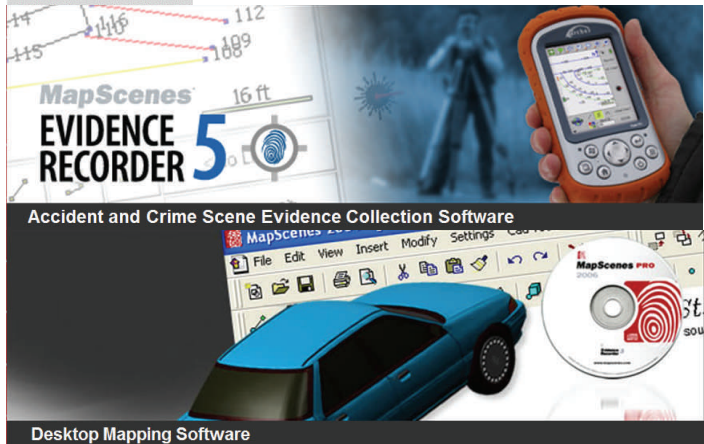

ACTAR approved for 30 CEU's

This Forensic Mapping class features Sokkia Instruments, (all brands are welcome) MapScenes Pro 2006 software and the EVR 3.0 data collection system.

The first two days will be spent inside focusing on theory, and functions of **MapScenes 2008** software. Wednesday through Friday will be 'hands-on' exercises outside (weather permitting) utilizing your total station by gaining valuable field experience. Daily student assessments have replaced a course test .

SOKKIA

Requirements for class:

Students are responsible for providing their own computer with software loaded, and total station. If you do not own a system but would like to learn to use one, please call the instructor, Steve McKinzie to make arrangements. Demo software and equipment are available.
